The Hon. John A. Anderson and Mr. Hayes, land receiver at Wichita, commuted with the Lord at the Lutheran church in this city last Sunday. Mr. H. J. Humphrey, of Junction City, was in Abilene last Tuesday and Wednesday. While here he made a short introductory canvass for Mrs. Humphrey's new book, "The Squatter Sovereign," a historical novel of Kansas in the 50's, and secured fifty or more subscribers among our representative business and professional men. Church on the 15th instant at three o'clock, p. m. Lillie was a bright, intelligent little girl, beloved by her parents and playmates, and her early death is the cause of much grief and sorrow. But she now rests in Heaven, free from all pain and suffering.

Eighty-nine counties in Georgia, under a high license and local option law, favor prohibition. Thus we have the beauty and strength of public sentiment illustrated. In communities where public sentiment is strongly against liquor, it is impossible to introduce saloons even under license law. On the other hand, in communities where public sentiment is in favor of whisky, the most stringent prohibition law is of no avail.

Fortunately, however, no body hurt. Another admonition—be careful about handling fire-arms.

On Friday evening, Nov. 9th, a very pleasant and enjoyable party was given by Misses Nellie and Sadie Hatfield at their father's residence, Mr. J. R. Hatfield, of Ridge township. About 50 guests were in attendance, and dancing was followed by an excellently prepared and palatable lunch. The well known hospitality of the Hatfields was fully exemplified on this occasion.

The office of the Secretary of the Farmers' Insurance Company was forcibly entered last Saturday evening by a wayward and wicked crowd, and a party, a la Emile Zola, was inaugurated. Junction City furnished her quota to the entertainment and on Monday the City Marshal was inhospitable enough to force it to return. Our Marshal never fails to do his duty.

Two of our able attorneys deserted Blackstone last Tuesday in a case before the Probate Court, and resorted to the John L. Sullivan style of argument. The clients, being reasonably well up in this branch of the law, also took a hand in the case. Judge Culbertson, in the name of the great state of Kansas, commanded peace, and the white winged angel spread her pinions before the bar was stained with blood. The little diversion cost the participants about \$55.00.

Mrs. F. Maneer received an injury of her left wrist and arm, causing a fracture of the radius two inches from the wrist joint and dislocating the ulna. Ether was freely given so that no pain would be felt during the trying operation. The prospects are fair for ultimate recovery.

The Meridian or hour-standard time has been adopted by the railroads of the country. Abilene is in the 90th Meridian time district, which is only nine minutes faster than Jefferson City time, the superceded standard. Hence, the people of this city will have to push forward their clocks and watches nine minutes. A new railroad time table went into effect Sunday, and trains arrive and leave as follows: Passenger and mail going west—4:40 a. m., 3:31 p. m. Passenger and mail going east—12:06 p. m., 10:44 p. m. Christian reader, you are specially invited; philanthropic reader, you are specially invited; intelligent reader, you are specially invited; kind reader, you are specially invited; dear reader, you are specially invited. Come! "None but the brave deserve the fair."

COMMITTEE.

"Uncle" Winfield has a fine lot of chickens, and a few evenings ago four of them were "assisted" from the roost and taken to a cabin on the south side belonging to a man by the name of King, where they were prepared and served to a hilarious party of sinners. Mr. Winfield had the man King arrested and brought before Squire Clark last Tuesday, but the case was continued to yesterday evening. While King didn't steal the chickens, he permitted them to be cooked on his stove and afterwards buried the heads of the fowls. Uncle Winfield had blood in his eye and was determined to avenge the loss of his poultry.

A very fine and intricate piece of surgery was successfully performed last Thursday by Dr. Hazlett, assisted by Dr. Crise, James Deutal, aged 16 years, of Banner township, was afflicted with Staphylococcus, a disease of the eye which is difficult to describe in an intelligible manner but which produces blindness. The vision of the young man's right eye was destroyed, and the eye itself protruded. Fearing sympathetic action on the other eye, which was good, young Dautel came to Abilene to have the diseased eye removed, the difficult undertaking being successfully accomplished by Dr. Hazlett. Master Dautel is doing nicely, and as the Dr. will give him a glass eye his loss will not be noticeable.

Mr. Henry Cuthbert has just added a fine young Hereford bull and twelve Hereford heifers to his stock farm. The bull is 27 months old, weighs 1300 pounds, is well marked and of good form. Mr. Cuthbert is a good judge of fine stock, and his Short-Horn and Hereford herds are composed of excellent animals. He informs us that the farmers of the county are manifesting a great deal of interest in improving their grades of cattle. This is as it should be, and evidences more than any other one thing the growth and prosperity of our county.

There are but few towns of equal or greater size, that have as many large business houses as Abilene. This statement has become and will remain a truism. And among those that stand at the head of the list, the firm of Irion & Armitage is prominent. We enjoyed the pleasure of being shown through this immense establishment, and with the exception of clothing and groceries, everything that is needed for the complete furnishing of a home is kept in stock. Queensware, Willowware, Tinware, Stoves, &c.; lamps, sewing machines, organs, tables, chairs, etc., fill the lower floor. The upper floor is given up to furniture, and all qualities and styles are represented. Furniture in sets and single pieces at prices to suit the purchaser. Irion & Armitage stand at the head of house-furnishing firms, and those who contemplate beginning house-keeping as well as those who are old and experienced in the needs of a comfortable home, should remember this fact. The firm will take great pleasure in showing all interested through their establishment, and the time so devoted by the sight-seer will be well expended.

Go to McInerney's for a new hat.
